Professional Experience

Full Stack Developer   05/2020 – 02/2023
Simform

   Optimized application performance by identifying and refactoring inefficient code, resulting in a 15% increase in speed.

   Implemented automated tests and test suites, reducing the number of bugs by 25% and improving overall code quality by 20%.

   Led full stack development for a customer-facing web application, resulting in 20% faster loading times and an improved UX/UI.

Web and Mobile Developer   03/2016 – 04/2020
Exist Software Labs

   This was a good opportunity to learn and practise basic multiple languages for me. I was responsible for key-coding tasks with HTML/CSS/SCSS/SASS, JavaScript, React, Node.js, SQL, PHP/Laravel

   Key achievement : Took junior level to senior by focusing on practicing the JavaScript, TypeScript, React and Node.js
